

4-H Project Enrollment

- * Please check the projects you would like to participate in.
- * You may choose as many as you like (up to 60).
- * If a member is 10 years old or younger, they may enroll in Exploring 4-H. This allows them to participate in any project area without pre-registering. The exception is that all youth must register for livestock projects, regardless of age.
- * Please call the Extension Office if you need a description for a project area.
